LE(a)Ders in the...

LED LIGHTING industry

For every individual in search of lighting, we have a product. Whether you're meeting a budget or conforming to highly specific applications, you can trust that we have a suitable luminaire. PioLED lighting is specifically designed to suit conditions found in the South African market, providing brighter solutions for a power-efficient tomorrow. Our aim is to become the most trusted LED lighting supplier in South Africa, through outstanding service and impeccable quality.

Since PioLED's inception in 2008, we have strived to remain ahead of the curve when it comes to LED trends, constantly evolving and advancing to maintain our reputation as Pioneers in the South African LED industry.

Our head office is located in South Africa's largest port of Durban, and makes reliable and efficient deliveries to respective businesses across the country. We pride ourselves on making these deliveries in excellent time – typically within one to two working days. Our friendly staff in Durban, Johannesburg, Cape Town and the Eastern Cape are there to assist you in any way possible, should you require further technical information.

BEACON 6W RECHARGEABLE LED LAMP

Certificates: MSNS, UN38.3, CE-LVD, CB & RoHS

AVAILABLE BASES

FEATURES

- Lithium battery which will last for **> 4hrs on Battery Mode** once fully charged.
- 6W LED Lamp which will change to **3W on Battery Mode** is activated allowing you to continue daily activities when the power is off.
- PC housing** with internal aluminium allowing for efficient heat dissipation.
- High Brightness 2835 Sanan LED Chips producing 600lm.
- 3CCT LED Lamp available in **E27 & BC bases** for maximum versatility.
- 210° beam angle** for maximum light distribution.

CODE	DESCRIPTION	LUMEN OUTPUT	CRI	BEAM	INPUT VOLTAGE	HOUSING	OPERATING TEMP	LED CHIPS
B034	6W Rechargeable LED BEACON A60 Bulb 3CCT ES	600	>83	210°	180V- 265V	PC & Internal Alu	-10~50°C	2835 Sanan
B035	6W Rechargeable LED BEACON A60 Bulb 3CCT BC							

A 60 9.5W LED LAMP

Certificates: CE, EMC

AVAILABLE BASES

ES (E27)

BC (B22)

FEATURES

- Heat conductive polycarbonate housing with internal aluminium providing as a **durable heat sink** increasing the lifespan of the LEDs.
- **Frosted Style** LED lamp reducing the amount of glare whilst still providing excellent light output
- 2835 SMD LED Chips allowing for a uniform light output with a **210° beam angle**.
- Maintenance free, environmentally friendly alternative to incandescent lamps which contain no mercury, lead or other harmful substances.

- High **CRI >80** LED Lamp allowing for true colour rendering.
- Wide input voltage range from **170V-265V** with a built in 0.5kV surge protection.
- The ideal domestic lamp when making the LED conversion.

CODE	DESCRIPTION	LUMEN OUTPUT	CRI	BEAM	INPUT VOLTAGE	HOUSING	OPERATING TEMP	LED CHIPS

B020	A60 9.5W LED Lamp 3000K BC							

A55 6W FILAMENT LED LAMP

Certificates: CE, EMC, RoHS, ISO9001

AVAILABLE BASES

A55 Filament 6W Lamp available in **clear** or **frosted**

FEATURES

- **Glass housing** providing excellent thermal management allowing for an increased lifespan of the lamp.
- **Filament style LED Chips** providing a full 360° beam angle providing an even, uniform light distribution without any dark spots.
- Available in both dimmable and non-dimmable variations.
- Available in either **clear** or **frosted** variations, the latter helping in the reduction of UGR.
- High performance LED Lamp giving you a bright, yet **comfortable ambience**.
- The filament style lamp has the ability to create a **soft, cosy atmosphere** whilst still providing ample illumination.
- The direct replacement to incandescent lamps with an effective lumen output of up to **115lm/W**.
- Durable LED Lamp with a built in 1kV surge protector.
- Instant 100% light output with no warm-up time.

CODE	DESCRIPTION	LUMEN OUTPUT	CRI	BEAM	INPUT VOLTAGE	HOUSING	OPERATING TEMP	LED CHIPS

BD022	A55 6W LED Filament Clear Lamp 3000K ES Dim					Clear		

G95 LED FILAMENT CLEAR LAMP

Certificates: CE, EMC

AVAILABLE BASE

FEATURES

- **Full Glass housing**, designed to quickly dissipate heat increasing the lifespan of the LED Lamp.
- **Vintage Styled LED Filament** lamp with a **360° beam angle**, giving off maximum coverage and uniformity.
- Highly efficient filament LED Chips delivering an **effective 100lm/W** maximizing energy efficiency.
- Available in 3000K or 4000K and in **dimable** allowing you to set the perfect atmosphere at any given time.
- The direct replacement to incandescent lamps whilst providing an environmentally friendly alternative containing no mercury, lead or other harmful substances.

CODE	DESCRIPTION	LUMEN OUTPUT	CRI	BEAM	INPUT VOLTAGE	HOUSING	OPERATING TEMP	LED CHIPS
BD001	G95 6W LED Filament Clear Lamp 3000K Dim	600	>80	360°	220V- 240V	Glass	-20~40°C	Filament 38
BD002	G95 6W LED Filament Clear Lamp 4000K Dim							

PEARLED FILAMENT CLEAR LAMP

Certificates: CE, EMC

AVAILABLE BASE

ES (E27)

FEATURES

- **Full Glass housing**, designed to quickly dissipate heat increasing the lifespan of the LED Lamp.
- **Vintage Styled LED Filament** lamp with a **360° beam angle**, giving off maximum coverage and uniformity.
- Highly efficient filament LED Chips delivering an **effective 100lm/W** maximizing energy efficiency.
- Available in 3000K or 4000K and in **dimable** allowing you to set the perfect atmosphere at any given time.
- The direct replacement to incandescent lamps whilst providing an environmentally friendly alternative containing no mercury, lead or other harmful substances.

CODE	DESCRIPTION	LUMEN OUTPUT	CRI	BEAM	INPUT VOLTAGE	HOUSING	OPERATING TEMP	LED CHIPS

4 W LED FILAMENT CANDLE

Certificates: CE, EMC, RoHS, ISO9001

AVAILABLE BASES

4W LED filament candle available in **clear** or **frosted**

FEATURES

- Full Glass body thermally tested to ensure adequate **heat dissipation** from the lamp extending the overall lifespan of the LEDs.
- **Filament style LED array**, providing for a more traditional ambience – ideal for adding character to a room.
- **Available in a frosted** variant reducing the amount of glare whilst still providing excellent light output.
- Available in all common bases, namely E27, E14 and BC allowing for a quick and easy installation/retrofit.
- **360° beam** angle providing a **uniform**, even light distribution.
- Available in a **dimmable option** allowing you to create the perfect atmosphere at any time.
- Highly efficient LED filament with up to **440 effective lumens**.
- Serves as a direct **replacement to halogen/incandescent** lamps containing no mercury, lead or other harmful substances.
- Built in **1kV surge protection** with a wide voltage range of **220-240V** increasing the durability of the lamp.

Smart Life

Remote control

FEATURES

- Smart LED Range, controllable either via remote, **Google Home**, **Alexa**, **Tuya** or through the **Smart Life App**.
- Controllable **individually** or can be **grouped** together to allow for quick and efficient syncing.
- Dimmable product with over **16 Million colours** to choose from.
- In App, selectable **lighting scenes**, **music mode** or **preselected timing function**.
- Connects via WiFi to allow lamps to be controlled, as long as an internet connection is provided.

Enjoy a world full of colour with our QuRi Demonstration videos.

PART 1

PART 2

- ✓ Dimmable (0-100%)
- ✓ RGB and CCTs (16 million colour options)
- ✓ Controllable via Remote
- ✓ Controllable via the Smart Life/Tuya App
- ✓ Hands-free control with Alexa and Google Home
- ✓ Customisable Scenes
- ✓ Set a Timer or Schedule via the App
- ✓ Music mode
- ✓ Group to Control QuRi range
- ✓ Supports 2.4GHz Wi-Fi Networks
- ✓ Live in colour!

QuRi G95 11W LED Smart WiFi E27 Lamp + Remote

1
YEAR
WARRANTY

Certificates: CE, EMC

FEATURES

- 3014 SMD LED Chips delivering an effective **100 lumens**.
- **DC12V LED** Lamp designed for MR16 lampholders.
- Best performance when coupled with our 12V DC CV LED Drivers.
- Resin based housing with a 320° wide beam distribution.
- Instant on LED lamp with no warm up time.
- Reduce your electrical consumption by up to 90% in comparison to Halogen alternatives.
- No Mercury, Lead or other harmful substances.

G9 220V LED LAMP

Certificates: RoHS, ISO9001

FEATURES

- Resin based housing designed to fit into fixtures that carry a G9 lampholder base.
- **Direct 220V** requiring no need for an LED driver.
- Powerful 3014 SMD LED Chips providing an effective 200 lumens.
- Available in Warm White, Neutral White and Cool White helping to create the perfect atmosphere.
- Wide **320° beam angle** preventing dark spots whilst allowing for maximum coverage.
- **Instant on LED** with no warm up time.

MR16

FEATURES

- Thermally tested pure aluminium housing designed to **dissipate heat** away from the LEDs a lot quicker than PC housing
- Available in a dimmable option helping to create the **perfect atmosphere** for your setting.
- **Premium LED lamp** with a rated life of up to 30 000hrs.
- Frosted styled diffuser with a **wide 120° beam angle** allowing for maximum coverage.
- **High CRI>80** rendering true colours – Extremely good for Kitchens.
- The ideal lamp for **demanding applications** and for those who want hassle free illumination.

5.5W LED GU10 DOWNLIGHTER

Certificates: CE, EMC, RoHS, ISO9001

FEATURES

- Heat Conductive polycarbonate housing coupled with **internal aluminium** to produce a robust lamp.
- Frosted glazed diffuser **reducing the glare** and visibility of the 2835 SMD LED chips.
- **120° wide beam angle**, covering large surface areas ensuring maximum uniformity.
- Highly efficient LED Lamp with an effective lumen output of up to **550lm**.
- High performance LED Lamp giving you a bright, yet comfortable ambience.
- **Instant on LED** with no warm up time.
- Environmentally friendly choice serving as a direct replacement to **50W** Halogen lamps.
- The ideal lamp for day to day residential usage with built in **1kV surge protection**.

4W LED GU10/COLOUR DOWNLIGHTER

Certificates: CE, EMC, RoHS, ISO9001

Rubycon

FEATURES

- Perfectly suitable for **enclosed/up-down light** fittings.
- **Honeycomb inspired lens** containing 3pcs high lumen SMD LED Chips with built in 1kV surge protection.
- Available in 3000K, 4000K, 6000K, **Red, Blue, Green** and **Magenta** coupled with a **45° narrow beam** designed to enhance architectural features.
- Contains no mercury, lead or harmful substances.
- Pure aluminium thermal management system **designed for a 7W LED** making it suitable for up-down light fitting.
- Robust LED Lamp featuring the **Japanese Rubycon capacitor**.
- **High CRI>80** (3000K/4000K/6000K) allowing for crisp true colour rendering.
- **Philips 3030** High Lumen LED Chips.
- Instant on LED with no warm up time.
- Environmentally friendly alternative containing no mercury, lead or any other harmful substances.

6W COMBAT LED GU10 DOWNLIGHTER

Certificates: CE, RoHS, EMC, ErP

FEATURES

- Thermoplastic housing coupled with **internal aluminium** and Silicone for a cost effective durable GU10 solution.
- Available in a Dimmable option, with a smooth **0-100% dimming range**.
- 60° beam angle GU10 with our Low Glare, **Comfort Lens**.
- Highly Efficient 2835 SMD LED Chips delivering up to **110lm/W**.
- Available in Colour temperatures of 3000K/4000K/6000K.
- Wide Voltage Range **170V-277V** designed specifically for the South African Market.
- Environmentally friendly choice serving as a direct replacement to 50W Halogen lamps.
- Suitable for **Sylo** PC housing UP & DOWN IP65 fixture (Pg 88).

6 W LED PROFESSIONAL DOWNLIGHT

*5 Year Warranty is effective from Batch 2203 onwards

Certificates: CE, EMC, RoHS, ISO9001

PHILIPS *Rubycon*

FEATURES

- Thermally tested and precisely positioned **pure aluminium** heat fins providing as its thermal management system, increasing the lifespan of the LEDs.
- 6pcs **Philips 3030** high lumen LED Chips delivering an effective **100lm/W**.
- Designed to withstand the most challenging/harsh environments with its built in **Japanese Rubycon Capacitor**.
- Honeycomb lens** offering the highest levels of clarity and comfort.
- Dimmable variant optional with market leading, **true 10-100% dimming**.
- Featuring the latest electronic components producing a **PF>0.9**.
- High CRI>80** with a **60° beam** angle, reducing light spillage.
- Current waveform is almost 100% sine wave producing **little to no harmonics**.
- Maintenance free, environmentally friendly alternative to halogen lamps which contains no mercury, lead or other harmful substances.

9W GU10 DOWNLIGHTER

FOR DOUBLE-VOLUME CEILINGS

Rubycon

Certificates: CE, EMC, RoHS, ISO90001

FEATURES

- **Pure aluminium housing** allowing for maximum heat dissipation.
- **High Lumen COB LED Chip** delivering an effective 900lm.
- Robust LED lamp built with a **Japanese Rubycon capacitor**.
- **Dimmable variant** allowing you to set your atmospheric mood.
- **45° narrow beam angle** – ideal for double volume ceilings or demanding applications.
- **High CRI>80** with a deep reflector helping reduce glare.
- Contains no mercury, lead or harmful substances.

FLARE 6W RECHARGEABLE LED GU10

3
Hours
Battery
Life

Certificates: MSNS, UN38.3, CE-LVD, CB & RoHS

FEATURES

- **Ultra Convenient 3CCT LED GU10 lamp** with colour temperatures of 3000K/4000K or 6000K adjustable via our built in Dipswitch.
- 3.7V 1400mah **Lithium battery** allowing for 3 hours running time whilst lamp is operational on Battery Mode.
- **5-6 working hours is required for the lamp to reach a full charge once the battery is fully depleted.**
- Battery mode is instantly activated when **Load Shedding or a power failure occurs**, with the lamps operation being controlled via your light switch. The lamp will instantly drop to a 4W with a 4000K colour temperature.
- **Wide input voltage range 180V-277V** designed specifically for use in the South African Market. This lamp is further protected with a built in 1kV surge protection.
- **High CRI>80 Epistar LED Chips** delivering an impressive 90lm/w in **beam angles of either 120D or 60D.**
- Rechargeable Flare GU10 to only be installed in **non dimmable LED Lighting circuits** and circuits where sensors aren't used.

SYBER PC GU10 SURFACE MOUNT FIXTURE

WITH GU10 HOLDER

Certificates: CE, VDE, RoHS

FEATURES

- **Coastal Grade PC Housing** designed for long term use in Coastal Applications.
- Available in **Matt Black or White** in either square or round.
- Comes complete with a **GU10 holder**, designed to take a PC GU10 with a maximum of 6W.
- Add a touch of elegance with our Surface Mounted Downlights.

SYLO SURFACE MOUNT WALL FIXTURE

Available in Square, Round, Down & Up&Down

Certificates: CE, IEC60598

**SQUARE
DOWN**

**ROUND
DOWN**

**SQUARE
UP&DOWN**

**ROUND
UP&DOWN**

FEATURES

- **Coastal Grade PC & ABS**
Housing designed for maintenance free Coastal use.
- Suitable for outdoor use with it's **IP65 rating**.
- Available in Matt Black.
- **Clear PC lens** allowing for uninterrupted clear illumination.
- Available in **Square or Round** with **UP&DOWN** or just **DOWN** options.
- Housing is Suitable for **PC GU10 Lamps** less than 6W.

CODE	DESCRIPTION	HOUSING

PANDORA 3CCT WALL LIGHT

Available in Down & Up&Down

OPTIONAL
EXTRA

Certificates: CE, IEC60598, ErP

DOWN & UP&DOWN

FEATURES

- Coastal Grade PC & ABS Housing designed for maintenance free Coastal use.
- Suitable for outdoor use with its **IP65** rating.
- Available in Matt Black or White quickly customisable with our **Snap on Trims**.
- Clear PC lens** allowing for uninterrupted clear illumination.
- Available in **UP&DOWN** or just **DOWN** options.
- 3CCT Variant with Warm White/ Natural White/Cool White controlled via **Dipswitch**.

BAZUKA 35W TRACK SPOT LIGHT

NEW
HONEYCOMB
LENS OPTION

3 WIRE/SURFACE MOUNT TRACK LIGHT

Available in Black or White

Certificates: CE, EMC, IEC60598

3 WIRE TRACK

SURFACE MOUNT

FEATURES

- **Dynamic Dual Heat Sink** ensuring longevity and the reduction in lumen depreciation.
- **High Lumen COB LED** coupled with a high-performance lens delivering an effective 100lm/W.
- **Elegant**, sophisticated look bringing style to your application.
- **340° rotation** allowing for precise aiming.
- **3 Wire system** for use in all single-phase circuits.
- **Deep reflector (36°)** helps in the reduction of glare whilst not impacting lumen output.
- Matt black or chique white trendy powder coated finish.
- **3kV built in surge protection** designed to withstand the toughest environments.
- **High spec driver** with a high PF>0.9 – ideal for retail/commercial industries.

BAZUKA

SNYPA LED SPOT FIXTURE

3 WIRE/SURFACE MOUNT TRACK LIGHT

Available in Black or White

Available
with a
Removable
Anti-Glare
Honeycomb
Lens

Certificates: CE, RoHS

FEATURES

- Available in either **surface mount or 3 wire variants**.
- 110mm in length**, this track spot is designed to take most GU10 lamps.
- Pure Aluminium** heat sink helping in the effective dissipation of the LED lamp.
- Ideal for residential/commercial applications where our Bazuka LED spot is too powerful.
- Matt white or black** housing optional.

CODE	DESCRIPTION	NOTES
R301	Snypa GU10 3 wire Track 110m Black fitting	*No tools required to remove the lamp

R312	Snypa GU10 Surface 110m White fitting	

PUNCH HIGH POWER DOWNLIGHTER

Available in 10W, 15W, 25W & 35W

LIFUD

Certificates: CE, RoHS, SAA, IEC60598, ErP

FEATURES

- **Tornado inspired reflector** designed to enhance brightness whilst effectively reducing glare with a **UGR<19**.
- Oversized Razor Cooling Fins efficiently pulling heat away from the COB LED chip giving the luminaire an **L80B10 @ 50 000hrs** rated lifespan.
- High Lumen **USA BridgeLux LED** Chip with an effective 120lm/W maximising energy savings.
- **CRI>80** allowing this product to be used in even the most delicate retail or commercial environments.
- **Quick and Easy installation/maintenance** options with our Snap & Slide connectors seamlessly pairing the downlight & LED Power Supply.
- Robust, High Power Factor >0.9 **Flicker Free Lifud LED power supply** with a built in 2kV Surge Protection.
- **Ultra Strong Spring Back Clips** allowing for a flush clean finish once installed.

MARIO ROUND TILT LED DOWNLIGHTER

Certificates: CE, EMC, IEC60598, ErP

FEATURES

- **USA Bridgelux COB LED Chip** with an effective lumen output of 100lm/W.
- **L80B10 @ 50 000hrs** rated lifespan with a built in 2kV surge protection & Flicker Free Technology.
- Tiltable High Power (35W) Recessed Downlighter with a **36° Beam Angle**.
- **High CRI >85** LED luminaire, ideal for delicate retail or commercial environments where colour rendering is of extreme importance.
- **Pure Aluminium Housing** allowing for maximum heat dissipation.
- Deep recessed COB LED Chip designed to **reduced glare** whilst providing maximum lumen output.

LUIGI RECTANGULAR TILT LED DOWNLIGHT

WITH 30W, 35W, 40W & 50W ALL IN ONE

Certificates: CE, EMC, IEC60598

FEATURES

- **30-50W adjustable** LED Shoplight with a **3CCT Dipswitch** allowing for seamless changes between 3000K/4000K/6000K depending on the requirements.
- **Instant on Flicker Free** LED Shoplight with a built in 2kV Surge Protection and a PF>0.93.
- Epistar 2835 SMD LED Chips offering an effective 100lm/W.
- **Pure Aluminium** housing for excellent thermal management.
- **CRI>85** providing the perfect solution for the retail environment.
- Eco-friendly alternative to HID lamps, containing no mercury, lead or other harmful chemicals.

LEDA 3 WIRE TRACK TILTABLE LINEAR

Available in 2FT

45 DEGREE
TILTABLE EITHER
SIDE

Certificates: CE, EMC, IEC60598

FEATURES

- 2ft Tiltable Linear LED Track Light with **built in 3CCT** functionality changeable via the built in **Dip Switch**.
- 185-265V Wide input range with a built in 2.5kV Surge Protection increasing the robustness of the luminaire.
- **Opal diffuser** creating a **soft uniform light** distribution eliminating all visuals of the raw LEDs.
- **Pure aluminium** housing designed to reduce lumen decay ensuring a brighter luminaire for a longer time.
- **High Power Factor >0.9**, ideal for use in all commercial & residential applications.

SONIQ LINKABLE RETAIL LINEAR

Rotary Union

Certificates: CE, EMC, IEC60598

FEATURES

- **High Power Factor >0.9** BOKE LED Driver with a **2.5kV Surge Protection** offering a robust luminaire with a 5 year warranty.
- **Pure Aluminum housing** coupled with a PC diffuser, designed to ensure maximum comfort for customers when used in retail applications.
- Linkable up to **60m or 50 x 4ft SoniQ Linears**. Ideal for long isles where continuous lighting is a requirement.
- **L80B20 @ 50 000hrs** ensuring minimal lumen decay throughout the 5 year warranty period.
- Available in either **60°/90°(standard) & 120° beam angles**, allowing for an extremely versatile luminaire to suit most applications.
- Available in **3CCT (3000K/4000K/6000K)** Controlled via the luminaires dipswitch for a quick and easy CCT transition.
- **High CRI>80** making the SoniQ the ideal Retail & Commercial LED Solution.

KARU SOLAR FLOODLIGHT

Available in 100W & 200W

Certificates: CE, EMC, MSDS, UN38.3

Optional 3m Extra
Length Cable

REMOTE CONTROL

21% Efficiency Monocrystalline
4-6 hours to 100% charge

100W=1 000lm

Solar Panels
Packed
Separately

Rechargeable Lithium LFP Battery:

3.2V 32700x2 for 100W

Battery Capacity: 12000mAh

200W=2 000lm

Rechargeable Lithium LFP Battery:

3.2V 32700x4 for 200W

Battery Capacity: 24000mAh

FEATURES

- **Lithium LFP Battery** powered LED Solar Flood available in wattages of 100W & 200W.
- **Die-Cast Aluminium** body serving as an effective heatsink whilst providing added protection to the housing.
- 8m range controller with multiple setting selections. **Timer for 3/5/8hrs usage** or an **Automatic Mode** which will allow for **12hrs usage**.
- **4-bar battery level indicator** allowing you to see how much charge your battery has stored. The batteries can also be changed out at a later stage if required.
- 2m Standard Installation Cable with an additional **3m available as an accessory**, ensuring your floodlights installation can be in even the most complex places.
- 21% efficiency Monocrystalline solar panels and **1.0mm² thick cable** allowing for a **faster charge** with a longer lifespan, even in cloudy days.
- **Lock/Unlock battery** setting to **preserve the battery** during shipping and throughout its shelf-life.

Available in 20W, 30W, 50W, 100W, 150W, 200W & 500W

Certificates: CE, EMC, IEC60598, RoHS, ISO9001

POLE MOUNT BRACKET AVAILABLE

FEATURES

- High Lumen **Philips 3030** LED Chip achieving 130lm/W and 150lm/W for 500W THOR.
- Integrated IP65 constant current LED Power Supply with built in **3-10kV Surge Protection**.
- **Dynamic thermal management** design maximizing heat dissipation ultimately increase the service life of the luminaire.
- **Robust design** allows for demanding applications.
- Our Premium Range LED Floods come complete with a **1m installation cable**.
- 20 to 500W come complete with a **breather gland** reducing all forms of condensation that may occur due to harsh climatic conditions.
- Aluminium housing with anti-corrosive powder coating finish.
- **316** Stainless steel screws and bolts with **304** Stainless steel reinforced extended bracket.
- White reflector allowing for **maximum** light distribution.
- Eco-friendly alternative to HID lamps containing no mercury, lead or other harmful chemicals.
- Instant on LED Light Source.
- **50 000hr** rated service life.

POLE MOUNT BRACKET AVAILABLE

FEATURES

- **Coastal Grade** 1100 coastal powder coated aluminium frame with 1060 pure aluminium radiating modules and hollowed out rivets serving as a heat sink.
- **316 3-part stainless steel bracket** designed to decrease installation time whilst preventing rust and corrosion.
- High Power **Philips 5050 SMD Chips** with an efficacy of 160lm/W.
- 20°/90°/140°x100° (asymmetrical beam angle) optics available. (Standard @ 90°).
- **270° rotatable bracket** with each module being able to tilt independently reducing light spillage.
- Built in **10kV surge protection** allowing for use within the most demanding environments.
- **Resistant to UV rays** with a wide operating temperature of -40°C to 50°C.

COMBAT FLOODLIGHT

Available in 7W, 10W, 50W, 20W,
30W, 50W, 100W & 200W

Certificates: CE, EMC, IEC60598

FEATURES

- Die-Cast Aluminium housing with **dynamic fins** providing as an efficient and effective heatsink.
- **Driver on Board** Technology allowing for a super compact, unobtrusive LED Floodlight.
- **50cm pre wired cable** allowing for fast and easy installations.
- Pre-Installed **Safety Clips** protecting the LED Floodlights lens.
- **2835 Sanán LED Chips** producing a CRI>83.
- **120° Wide Beam** Angle allowing for maximum coverage and uniformity.
- **3kV Surge protection**, designed for use specifically in the South African Market.

COMBAT LED RGB FLOODLIGHT

Available in 20W & 50W

Certificates: CE, EMC, IEC60598

REMOTE CONTROL

20W

50W

FEATURES

- RGB LED Floodlight controllable via **IR Remote Control**.
- Ultra Slim **Die-Cast Aluminium housing** with DOB tech allowing for a robust floodlight.
- Available in wattages of **20W & 50W** with a rated lifespan of 25 000hrs.
- Wide input voltage range from 200V-265V with a built in **3kV surge protection**.
- Environmentally friendly containing no mercury, lead or other harmful substances.
- **50cm pre wired cable** allowing for fast and easy installations.

CODE	DESCRIPTION	BEAM	HOUSING	INPUT VOLTAGE	OPERATING TEMP	LED CHIPS

PATROL DAY & NIGHT SENSOR FLOODLIGHT

Available in 20W, 30W, 50W

Certificates: CE, EMC, IEC60598

FEATURES

- LED floodlight with built in **Day/Night Sensor** (Turns on/off @ 10lux) for hassle free illumination.
- **DOB technology** for a sleek and compact LED floodlight.
- Built in **Breather Gland** to remove excess moisture caused by condensation.
- **Wide, 120° beam** angle for maximum coverage and uniformity.
- **1m extra length installation cable** for a quick and hassle-free installation
- Robust luminaire with a **3kV built in Surge Protection**.
- Ideal for day to day residential usage.
- Environmentally friendly containing no mercury, lead or other harmful substances.

NANO FLOODLIGHT

Available in 10W, 300W, 500W

Certificates: CE, EMC, IEC60598

GARDEN SPIKE AVAILABLE FOR 10W

FEATURES

- **Driver on board** technology allowing for an ultra-lightweight, compact design with minimal aesthetic impact.
- Thermally tested **aluminium fins** providing as a heat sink.
- **Die Cast Aluminium** body, powder coated black with 316 Stainless Steel bolts and screws.
- All our Nano Range LED Floods come complete with a **1m installation cable**.
- **DC12V** Nano flood available in 10W.
- Garden Spike optional for 10W.
- Save up to 80% off your electrical bill as oppose to your HID lamps.
- Increase your safety with it's excellent **light output** and clarity.
- Easy to install **20° smart bracket**.
- Available in 10W/300W/500W. 20-200W are available in Nano EVO

our Strada
Street Light
Product
Breakdown.

L80B10
50000 hrs

Certificates: CE, EMC, IEC60598, ErP

60W

100W

FEATURES

- Highly Durable LED Street Light constructed with a **Die-Cast aluminium** housing & **PC Lens**.
- Philips 3030 LED delivering an effective 150lm/W with a rated lifespan of **L80B10 @ 50 000hrs**.
- Type II-S beam angle** preventing unnecessary backward **light pollution**.
- Wide input Voltage range 100V-277V with a **10kV (replaceable) built in surge protection** allowing for maximum durability and robustness over the LED Luminaires lifespan.
- Wide operating temperature range of -25~50°.
- Pole Mount adaptor** allowing for installations on poles from **D76-84mm**.
- IP66 rated** luminaire with a CRI>83 for improved clarity & colour rendering.

60W

120W

FEATURES

- **Built in Day/Night Sensor** with a removable cap should you require day/night sensor application.
- 5 year Warranty Post Top LED Light with a built in **3CCT (3000K/4000K/6000K)** function.

- Epistar 2835 SMD LED Chips with an effective lumen output of 130lm/w.
- **Commercial Grade Materials** including built in 10kV Surge Protection and an IK rating of IK08.
- Quick and easy installation as the luminaire mounts directly on top of a **D76mm Pole**.
- 120° beam angle providing ample coverage whilst minimizing unnecessary **light wastage**.
- **IP65 rated** luminaire with a **Pure Aluminium** Housing and a **PC Lens**.

BACK-LIT LED PANELS

3/4000K
5000K
6000K

Available in 600X600, 1200X600 & 1200X300

L80B10
50000 hrs

Certificates: IEC60598, TUV, CE, EMC, LVD, SAA, RoHS, SO9001

FEATURES

- Backlit LED Panel providing continuous lighting **without the flickering** commonly found in fluorescent variants.
- Lightweight construction allowing for a quick and easy **one-man installation**.
- Fits into standard 600 x 600 / 1200 x 600 ceiling tiles adding to the quick installation.
- Backlit LED Technology **evenly diffuses** the 2835 SMD LED Chips without creating any darkspots.
- **High PF>0.9** External LED Driver with a wide Voltage range of 185-277V.
- Our Backlit Panels will **not yellow or discolour** after extended usage.
- 120° wide beam angle allowing for maximum surface area coverage whilst delivering over **100lm/W**.
- **Dimmable/Dali** optional.

HERO ALL-IN-1 BULKHEAD

WITH 12W, 18W & 24W ALL IN ONE

Available in Square & Round

*** BATTERY BACKUP SUITABLE**

(Available Space = 150mm L x 40mm W x 30mm H)

Certificates: CE, ErP, IEC60598

FEATURES

- **Wattage and CCT Selectable LED Bulkhead.** Wattage can be selected via a **dipswitch(12/18/24W)** as well as the **colour temperature (3000K/4000K/6000K)**.
- 2835 Sanan SMD LED chips delivering an effective 105lm/W for a brighter experience.
- **Opal diffused LED cover** designed to produce more comfort whilst **reducing the glare** from the raw LEDs.
- **IK08 Impact Resistance** increasing the robustness of the luminaire.
- Contemporary & stylish **PC Coastal Grade** housing available in **Square and round with white or black trims**.
- **IP65 rated** luminaire ensuring ample protection from moisture when installed in outdoor applications.
- Eco-friendly alternative to HID lamps, containing no mercury, lead or other harmful chemicals.

*Built in dipswitch
for changing*

LUNA 3 CCT ROUND CEILING LIGHT

Available in 12W, 18W & 24W

Certificates: CE, EMC, IEC60598

FEATURES

- IP33 Ceiling Light providing a durable, economic LED solution.
- Body consists of an **aluminium PCB, metal housing** and a **PMMA diffuser**.
- **120° Wide beam** angle ceiling light designed to cover large surface areas with maximum uniformity.
- Frosted diffuser creating a **soft uniform light distribution** eliminating any visuals of the raw SMD LED
- Built in **CCT Dipswitch** allowing seamless transitions between 3000K/4000K/6000K.
- The Ideal product for day to day, residential usage
- Environmentally friendly containing no mercury, lead or other harmful substances.
- The Ideal product for day to day, residential usage.

Built-in Dip-switch for CCT changing

(3 Colour temperatures in 1)

RECESSED ROUND CEILING LIGHT

PMMA

Available in 6W, 12W, 18W & 24W

Certificates: CE, EMC, IEC60598, TUV, LVD, SAA, RoHS, ISO9001

FEATURES

- **Ultra Slim** Maintenance Free LED Downlight.
- Frosted **Polycarbonate Diffuser** allowing for uniform light distribution.
- **Pure Aluminium** housing for excellent thermal management.
- **Dimmable / Dali** Optional.
- Available in 3000K/4000K/6000K.
- **Sanan SMD LED** Chips.
- Instant on **flicker free LED Driver**.
- Ideal for offices, hospitals, schools, corridors etc.
- High Power Factor, low THD driver.
- **1.5kV Built in Surge Protection**.
- Short Circuit Protection, Over Current Protection, Over Voltage Protection, Under Voltage Protection, Over Temperature Protection.
- **3mm PMMA Light Guide** preventing dark spots and yellowing through extended usage.

Mount All In 1**

FEATURES

- **Thermal Plastic** housing coupled with internal aluminium providing as the heat sink.
- **Driver on board** technology allowing for an ultra slim aesthetically pleasing luminaire at only **15 mm** thick.
- **Surface mount** or **Recessed mount** with its uniquely adjustable clips – Can cover square or round existing ceiling holes.
- **Flicker Free** technology making it the ideal luminaire for offices or specialized environments.
- Matt Black or Satin Nickle Magnetic Trims optional.
- **CCT Adjustable** and **dimmable** options available.
- Extremely **quick installation**.

HELIOS IP65 UFO HIGHBAY

Available in 100W, 150W & 200W

Certificates: CE, EMC, IEC60598, SAA

Standard safety buckle & 1m safety string (Max 35kg)

FEATURES

- Excellent Thermal Performance with our **Multi-circulation Aluminum Cooling Fins**.
- Ultra **High Lumen Philips 2835 LED Chips** delivering an effective 140lm/W.
- Industrial Grade Components with a **4kV surge protection** designed to increase longevity in even the harshest environments.
- Complimentary **1m hanging kit** and **1m installation cable (from Batch 2210)** provided ensuring a Hassle Free installation.
- **High CRI>83** for maximum clarity & colour rendering.
- **90D Beam Angle** allowing for maximum surface coverage whilst still providing enhanced illumination.
- Available in **industrial Spec Cool White 5700K**.

FEATURES

- Powered by the Robust **3 IN 1 Dimmable** Sosen LED Driver(1-10V, PWM, Resistance).
- High Lumen **Philips 2835 SMD** LED Chips delivering 150lm/W.
- Wide Voltage Range 90V-305V with a **4kV Built in surge protection**.
- Standard Beam angle of 90° with optional beam angles of 60° & 120°.
- TM21, **L80B10 @ 50 000hrs**.
- High CRI LED Chips with an **Anti-Glare reflector** designed for maximum eye comfort in demanding applications.
- Available in Industrial Spec 5700K or 4000K.
- Wide operating temperature range from **-40°C ~ 50°C**.
- Suspension or Bracket mount optional.

160W HEAVY DUTY UFO HIGHBAY

Certificates: CE, EMC, RoHS, ISO9001

PHILIPS

FEATURES

- **Meanwell** IP65 constant current driver with **6kV Built in Surge Protection**.
- **High Lumen Philips** LED Chips delivering an impressive **170lm/W**.
- **Suspension** or **Bracket** mount options.
- 90° standard beam angle with a 120° optic optional.
- **High CRI**, smooth and even light distribution increasing visibility, safety and clarity reducing unnecessary workplace injuries.
- **IP65 rated luminaire** allowing for excellent performance in even the toughest environments.
- **Eco friendly** alternative to HID lamps containing no mercury, lead or harmful chemicals.
- Eliminates the need for unnecessary annual/bi-annual lamp and ballast replacement costs.
- Thermally tested to ensure ample **heat dissipation** increasing longevity of the luminaire.
- Expertly positioned **aluminium fins** designed to increase durability and performance.
- Short Circuit Protection, Over Current Protection, Over Voltage Protection, Under Voltage Protection, Over Temperature Protection.
- Optimal performance in Warehouses, Halls, Gyms, Churches, Panel Beaters etc.

HEAVY DUTY E40 HIGHBAY LAMP

Available in 100W & 150W

Certificates: CE, EMC, IEC60598

FEATURES

- Powerful, compact LED lamp designed as a **direct replacement to 250W/400W** HID lamps.
- Pure Aluminium Heat Fins** providing as heatsink effectively dissipating heat increasing the LED lifespan.
- Unique Design allowing for **quick and easy retrofits**. Ballast is required to be bypassed as this lamp requires a straight 220V connection.
- Highly efficient LED lamp producing an effective **lumen output > 120 lm/W for 100W and 170 lm/W for 150W**.
- Built in **2kV (100W) & 3kV (150W) Surge protection** creating a robust lamp for demanding environments.
- Ideal for use in **commercial / industrial** applications.

FEATURES

- **Industrial Spec** Philips 5700K LED Chips producing an effective 140lm/W.
- Specially designed optics **30°x90° or 90°** available, the ultimate solution for high racking warehouse installations.
- Pure Aluminium **Matt Black** Powder Coated Housing providing quick and efficient heat dissipation.
- 1-10V Dimmable Driver with a built in **4kV Surge Protection** for hassle free illumination.
- **L80B10** @ 50 000 hours rated lifespan ensures maximum lumen output with minimal decay.
- Ideal for Cold rooms and Standard warehousing applications with a Working Temperature of **-20°C ~ 40°C**.
- **IK08 Impact Resistance** increasing the robustness of the luminaire.
- **Suspension Kit** included for a quick and easy installation.

RETROFIT MODULES

Available in 14W & 18W

Certificates: RoHS, ISO9001

FEATURES

- Magnetic housing provides as a quick and easy **LED retrofit** to existing bulkhead luminaires.
- Built in **1mm aluminium plate** designed to dissipate heat whilst improving the LED Lifespan.
- **Heat resistant** PC lens increasing durability.
- **120° wide beam** angle allowing for maximum surface area coverage.
- LED Module takes **direct 220V** eliminating the need for external LED Drivers.
- 2835 SMD LED Chips delivering **110lm/W**.
- Environmentally friendly alternative containing no mercury, lead or other harmful chemicals.
- **1kV surge protection**.

IP 65 SUPER SLIM LINEAR LIGHT

Available in 18W 2FT, 36W 4FT & 45W 5FT

Certificates: CE, EMC, IEC60598

ACCESSORIES

Suspension Kit

FEATURES

- High quality **Coastal Grade** PC body preventing rust and corrosion.
- **Internal Aluminium** providing as an optimal heat sink.
- **Ultra Slim** design with a total height of 22mm.
- **Opal diffuser** allowing for a uniform light output with minimal glare.
- **Equivalent to 2 x fluorescent tubes** in a vapour proof fitting.
- Operating temperature: **-20°C to 45°C.**
- Highly efficient SMD LED Chips with an effective lumen output of up to **90lm/W.**
- **120° Wide Beam** Angle increasing surface area coverage.
- Complete with **extra length cable** allowing for quick and easy installations.
- High Power factor luminaire **>0.9.**
- Can be suspended by up to 2m with our optional suspension kit.

IP33 PROJECT LINEAR LIGHT

Available in 18W 2FT, 36W 4FT & 45W 5FT

Certificates: CE, IEC60598, EMC, RoHS, ISO9001

ACCESSORIES

Suspension Kit

FEATURES

- **Pure Aluminium corrosion resistant** body which provides as a heat sink.
- Elegant and aesthetically **unobtrusive design** designed for demanding applications.
- Replaces traditional open channel fluorescent luminaires.
- Effective lumen output of up to **90lm/W**.
- High Power factor **> 0.9**
- 304 grade clips.
- **Flicker Free**, Suitable for hospitals, schools, offices, kitchens etc.
- Opal diffuser **creating a soft uniform** light distribution eliminating any visuals of the raw SMD LED.
- Complete with extra length pre-wired cable.
- Can be **suspended by up to 2m** with our optional suspension kit.
- Environmentally friendly containing no mercury, lead or other harmful substances.
- **IP33 rated luminaire** with built in 1kV Surge protection.

IP65 LED LINEAR LIGHT

Rubycon

Available in 40W 4FT, & 60W 5FT

Certificates: CE, IEC60598, EMC, RoHS, ISO9001

FEATURES

- Pure Aluminum **Coastal Spec IP65** weatherproof linear.
- Maintenance free luminaire **equivalent to 2 x fluorescent tubes** in a vapour proof body.
- Anti UV diffuser** allowing for uniform light distribution.
- Comes complete with extra length **side entry** installation cable.
- Effective lumen output of up to **90lm/W**.
- Robust design allowing for the most demanding applications.
- Operating Temperature: **-20°C to 40°C**
- High Power factor **> 0.9**
- Ceiling/Wall Mount or suspendable by up to 2m with our optional suspension kit.
- Maintenance free, environmentally friendly alternative to halogen lamps which contain no mercury, lead or other harmful substances.
- 304 grade clips.**

LYNX 3 CCT TRI-PROOF LINEAR

Available in 36W 4FT, & 48W 5FT

Certificates: CE, EMC, IEC60598, ErP

BATTERY BACKUP SUITABLE

FEATURES

- **3CCT (3000K/4000K/6000K)** Vapour Proof LED Linear switchable via integrated Dipswitch.
- Seamless installation with our **linkable LYNX**. Connect up to 12pcs (4ft) and 9pcs (5ft) in series.
- Ultra High Lumen **2835 SMD LED Chips** with an effective lumen output of 150lm/W.
- Wide **120° beam angle** for maximum coverage and uniformity.
- **EMC Flicker Free** power supply with a built in 1.5kV Surge Protection.
- **Coastal Spec PC housing** with Stainless Steel Clips and a UV protected PC lens.
- Designed for use in the most demanding environments with its **IP65 rated housing, 5 year warranty** and **-20°C ~ 40°C** operating temperature.

ZEN IP65 TRI-PROOF FIXTURE

FOR T8 LED TUBES
Available in 2FT, 4FT & 5FT

2FT

4FT

5FT

FEATURES

- **Sleek and Slim** appearance, IP65 rated **weatherproof** body **pre-wired** for double T8 LED Tubes.
- **Anti-UV PC Cover** and ABS Body with 301 **Stainless Steel Clips**.
- Prismatic **Polycarbonate diffuser** designed to reduce glare from the LED Tubes
- Ideal for use in **harsh conditions** with its non-corrosive and durable housing (suitable for **cold rooms** as well).
- **Quick and easy** installation either via mounting clips or suspension.
- Comes complete with an IP65 rated gland and a **knock out** allowing for installations in series.

CODE	DESCRIPTION	HOUSING
TF008	Zen Tri-Proof 2ft PC Fixtures for 2xT8 LED	PC Cover + Stainless Steel Clips + ABS Body + White Reflector Enhancing The Brightness For Single Side Power LED T8 Tubes Use
TF010	Zen Tri-Proof 4ft PC Fixtures for 2xT8 LED	
TF012	Zen Tri-Proof 5ft PC Fixtures for 2xT8 LED	

T8 COMBAT LED TUBES

Available in 10W 2FT, 18W 4FT & 24W 5FT

Certificates: CE, EMC, RoHS, ISO9001

FEATURES

- Frosted Glass housing helping in the **reduction of glare** whilst allowing for **ultra-fast heat dissipation** increasing the lifespan of the LEDs.
- **Pure aluminium end caps** giving the tube the look and feel of fluorescents without the high-power consumption/negative environmental impacts.
- Quick and fast installation with **220V power to one side** only.
- **1kV surge protection** built in.
- **2835 SMD LED Chips** for a brighter, more efficient LED lamp.
- The ideal lamp for all residential applications.
- Maintenance free alternative to fluorescent lamps with a much lower lumen decay rate.
- Instant on LED tube with no warm-up time.

T8 PREMIUM LED TUBES

PREMIUM

Available in 10W 2FT, 18W 4FT & 24W 5FT

Certificates: CE, EMC, IEC60598

FEATURES

- Frosted Glass housing helping in the **reduction of glare** coupled with an internal **aluminium backing** to provide as a heat sink.
- Easy to install for either new or retrofit installations with direct **220V from one end** only.
- Maintenance free LED Tube requiring no ballast or starters.
- High Power Factor **> 0.9** making this the ideal lamp for commercial/ industrial applications.
- **Robust**, LED tube with built in **1kV surge protection** ensuring hassle free illumination.
- **270° Wide Beam** angle coupled with **aluminium** end caps providing a traditional tube feel.
- 2835 High Brightness SMD LED Chips with an effective **100lm/W** serving as a direct replacement to fluorescent tubes.
- The environmentally friendly alternative containing no mercury, lead or other harmful substances making it easy to recycle.

T5 COMBAT LED TUBES

Available in 18W 4FT, 20W 5FT & 10W 2FT

Certificates: CE, EMC, IEC60598

FEATURES

- **Frosted Glass** diffuser coupled with internal aluminium providing fast and efficient heat dissipation.
- **Aluminium end caps** providing a traditional T5 fluorescent look and feel.
- **Direct 220V LED Lamp** with no requirements for traditional ballasts or starters.
- 2835 SMD LED Chips delivering 90lm/W with a **270° beam angle**.
- The perfect LED tube for day to day usage with a built in **1kV surge protection**.
- Wide input voltage range from **180-265V**.
- Instant on LED Tube with no warm up time.
- **High CRI>80** ideal for environments which require high colour rendering.
- Maintenance free alternative to fluorescent lamps with a much lower lumen decay rate.

12V/24V LED STRIP LIGHTS

SELECTED
VARIANTS NOW
AVAILABLE IN A
50M PROJECT
REEL

IP20 pre soldered at every cutting point

Available in IP20 & IP67

Certificates: CE, RohS, ISO9001

FEATURES

- Highly customizable with cutting points every 50mm.
- Genuine **3M adhesive backing tape** for safe and quick installation.
- High **CRI>80** ideal for specialized environments which require high colour rendering.
- **120° wide beam** angle LED strip.
- **Sanan SMD LED Chips** with an efficacy of > 100lm/W.
- Increase the LED lifespan whilst reducing lumen decay by adding either our surface, recessed or corner pure aluminium profiles.
- Safe to use in open areas as the LED strip provides minimal heat and is only 12V and 24V.
- Available in either **IP20** or fully encased coated **IP65**.
- 2/3oz thick PCB for super fast heat dissipation.
- All our LED strips are **dimable** when coupled with our wireless dimmer.
- Available in either Warm White 3000K, Neutral White 4000K, Cool White 6000K, **Red, Blue, Green** or **RGB**, catering for all application requirements.
- Ideal for commercial/ residential applications.

ACCESSORIES

FEATURES

- 480 LED p/m **Uniform Dotless LED strip light** providing continuous illumination.
- **30z thick PCB**, designed to rapidly dissipate heat extending the LED Chips lifespan.
- Aluminium Profile is required when installing LED strip.
- Genuine **3M tape backing**, allowing for a long-lasting surface bonding solution.
- **Ultra-Customizable** with cutting points every 50mm.
- Available in 24V and requires pairing with one of our **24V DC Constant Voltage LED Drivers**.
- **Dimmable 24V COB LED Strip** with an Ultra High CRI > 90 for excellent colour rendering.
- 5m series installation with **no voltage drop**.
- Suitable for use in all **commercial/residential applications**.

MATRIX RUNNING STRIP

Certificates: CE

FEATURES

- Slick, customizable **running LED strip light** available in 3CCT (3000K/4000K/6000K) or Blue.
- Available in 24V, our LED strip is standard dimmable and can be dimmed with the **remote control**. The remote also allows you to select **multiple modes**.
- 30z thick PCB**, designed to quickly remove excess heat increasing the lifespan of the LEDs.
- Cutting points** on our Matrix 3CCT LED strips – every 16.5cm with the blue cuttable every 12.5cm.
- Each controller can handle a **MAX of 150m** provide that every 10m an additional driver & amplifier is installed.
- Available in a **NEON casing** to provide seamless continuous LED illumination.
- Genuine 3M adhesive backing tape for a **safe & quick installation**.

230V COB CONTINUOUS DIMMABLE FLEX STRIP

Certificates: CE, EMC, IEC60598

FEATURES

- 480 LED p/m **Uniform Dotless LED strip light** providing Linear illumination.
- **30z thick PCB**, designed to rapidly dissipate heat extending the LED Chips lifespan.
- Optional **3M Waterproof tape backing**, allowing for a long-lasting surface bonding solution.
- **Ultra-Customizable** with cutting points every 50cm.
- 50m series installation with **no voltage drop**.
- Suitable for use in all **commercial/residential applications**.
- Fits into all our aluminium profiles or our **230V Clear Profile**.

LED STRIP LIGHT ALUMINIUM PROFILES

SURFACE/RECESSED PROFILES

Available in I716 Dotless, 1616 Corner & Slim 27/28

SLIM 27/28
ALUMINIUM PROFILES
NOW AVAILABLE IN
BLACK

CODE	DESCRIPTION
CH311	Corner Profile S1616 - 2M
CH321	Opal Cover Round S1616 - 2M
CH331	Opal Cover Square S1616 - 2M
CH34	Steel Holder - S1616
CH351	End Cap for Round S1616 / pair
CH361	End Cap for Square S1616 / pair
CH37	90D Corner Connector S1616
CH41	AL Slim27 Surface Profile - 2M
CH42	Opal Cover Slim27n28n1716 - 2M
CH43	Clear Cover Slim27n28n1716 - 2M
CH44	End Cap Slim27 x 2 / Pair
CH45	Steel Holder for Slim27n28n1716
CH51	AL Slim28 Profile Recessed - 2M
CH52	End Cap Slim28 x 2 / Pair
CH61	AL Dotless 1716 Profile Surface - 2M
CH62	AL Dotless 1716 Profile Recessed - 2M
CH63	End Cap 1716 Surface x 2 / Pair
CH64	End Cap 1716 Recessed x 2 / Pair
CH70	BLACK AL Slim27 Profile - 2M
CH71	Black Opal Cover Slim27/28 - 2M
CH72	CH72 Black End Cap Slim27 x 2 / Pair
CH73	BLACK AL Slim28 Profile Recessed - 2M
CH74	BLACK End Cap Slim28 x 2 / Pair

1716 DOTLESS ALUMINIUM PROFILE

1616 CORNER ALUMINIUM PROFILE

SLIM 27/28 ALUMINIUM PROFILE

230V 10CM CUT SLIM ROPE

Certificates: CE, EMC, IEC60598

FEATURES

- Highly flexible PVC, **UV and Corrosion resistant**.
- Prismatic diffuser** reducing glare with 98% light transmittance.
- New wireless PCB design, high safety level.
- Run up to **50 metre** off one power cord with **zero volt drop**.
- Convenient to assemble, **patented plug design**.
- Integrated copper chip, **low heat** and good heat dissipation.
- Optional **3M Waterproof tape backing**, allowing for a long-lasting surface bonding solution.
- 2023 New Technology with the latest Wireless PCB design for maximum efficiency.
- NEW 10cm Cut** LED Striplight allowing for an ultra-customizable 220V LED strip solution.
- 2835 0.5W High efficiency** LED with a PF >0.9.
- Our 230V 10cm Cut LED strip can fit into all our **aluminium profiles**.
