

Leda Linear Track Light

40W | 4ft

Applications:

Residential and Commercial Applications.

Transform your Retail Space into a work of art with LEDA's minimal design and tiltable feature. This proves LEDA to be, not only attractive, but versatile too.

Use the Built-in 3CCT dipswitch, to switch between 3000K/4000K and 6000K to accompany any aesthetic you hope to achieve. Track lighting also allows you the flexibility to move your lighting to suit your need at any given time, not to mention the option of drawing attention to your best products/features in commercial and residential projects.

LEDA comes equipped with an Opal Diffuser creating soft illumination with even light distribution. This linear track light also works perfectly with existing spotlights where shadows need to be avoided. Available in 20W with 2ft in length and 36W with 3ft, and 4ft with 40W, this linear track light adapts to any indoor space bringing elegance and class into your store or any room.
